

WE LAUNCHED OUR BLUEPRINT FOR THE EMPOWERMENT, LIFELONG LEARNING AND EMPLOYABILITY OF WOMEN AND SELF-ASSESSMENT TOOL

Digital EmpowHer is...

a guidance approach to encourage adult women's lifelong learning, skills development and resilience to access opportunities and succeed in the labour market.

Much progress has been made since the first newsletter. Firstly, our partner organization PianoC facilitated an excellent training in Milan, which took place between the 29th and 31st May 2023. The Community of Practice CoP composed of both project coordinators and guidance practitioners, encouraged an atmosphere of collaboration and peer-informed progress, from our research results to the specifications of our training curriculum and self-assessment tool.

In addition to the steps taken through training, the project has also advanced in its development of Work Package 2: Blueprint for the Empowerment, Lifelong Learning, and Employability of Women. Available in English, German, Italian, and Spanish, the Blueprint emerges as a comprehensive framework for practitioners working with women clients, offering a matrix for understanding how women's skills can correlate to digital competences and labour market demands. The Blueprint also includes a self-assessment tool, which can be used by clients to better understand their skills and strengths, and how these can relate to a career pathway that is right for them. Available now, the Blueprint can be found at <http://digitalempowher.eu/resources/>

Partners

The consortium consists of six organisations from five countries:

-  [Ballymun Job Centre](#) (Ireland)
-  [Associazione Piano C](#) (Italy)
-  [MetropolisNet](#) (Germany)
-  [Ayuntamiento de Alzira](#) (Spain)
-  [Folkuniversitetet](#) (Sweden)
-  [Rinova Málaga](#) (Spain)

In addition, we invite you to complete the Digital EmpowHer Self-Assessment Tool available here:

Drumming up interest on a local level, the Digital EmpowHer project featured in our National Agency: Leargas' #ErasmusDays social media campaign, you can check out [our featured post](#).

The next steps of our Digital EmpowHer project is the completion of the WP3 Training Curriculum Learning Units and Activities, as well as the digital platform to feature tailored content, freely available to our target groups, associated partners and stakeholders, including guidelines for local context delivery of training and validation of learning resources during our Multiplier Events coming up in the new year.

Stay tuned for further updates via our [website](#).
